## **ADVISORY: The Diagnosis is Clear: Doctors Want Health Reform**

### **Doctors for America delivers X-ray diagnosis in person**

**WASHINGTON, DC**—*Doctors for America* is mobilizing to expose what doctors around the country are really saying about health reform—we want affordable, quality health care for our patients, and the time for Congress to act is now.

*Doctors for America* will gather in the Hart Senate Building before delivering messages printed on X-ray film to Senators stating doctors' position on health reform. The message will reflect input and ideas submitted by over 13,000 doctors in 50 states, and it will be made public this Wednesday, July 8<sup>th</sup>, at 10:00 am Eastern.

**WHO: DOCTORS FOR AMERICA**

**WHAT:** Doctors gathering to deliver an urgent message on health reform

**WHEN:** Wednesday, July 8<sup>th</sup>, 2009 10:00 AM Eastern

**WHERE:** Hart Senate Building Atrium, near 2<sup>nd</sup> street entrance

**NOTE:** Media availability will last approximately 15 minutes, then doctors will hand deliver x-ray film to Senate offices

*Doctors for America* is a grassroots group of over 13,000 physicians in all fifty states committed to passing meaningful health reform legislation. The group works to convey the ideas and experiences of physicians in order to achieve reform that provides high quality, affordable healthcare for all Americans.
